

2030 Vision

Be a Top-Class Supplier in the Automotive Parts Industry

Externally: Solidify our place as a supplier in the Electric Vehicle market through our chassis parts business enhancements.

Internally: Provide ongoing availability for Associate career path development across all levels.

Externally: Maintain positive relationships with our Customers through ongoing Excellence in Quality, Delivery, and Cost.

Internally: Continue to channel development for Associates to share their voice and collaborate in CAPT's ongoing and future success.

Externally: Seek opportunities to learn from others to expand CAPT's role as a community partner.

Internally: Support a business environment where Associates are proud to work and can manage a successful Work Life balance.
